

Senior Mobile Software Developer

Did you know that software can make the difference?
Did you know that your code could save lives?
We offer you this opportunity!

Your job

As a senior mobile software developer, you are part of an agile development team building and working on software systems developed by Avia-GIS fitting in the SMARTSENZ® software suite.

About us

With Avia-GIS NV we develop state-of-the-art tools to software and SMARTSENZ® is the main focus of this role. We will bring SMARTSENZ® to the market as a tool for the Integrated Pest Management (IPM) market.

Our main offices are located in Belgium, and you will be based in Zoersel. We have overseas offices in South Africa and Guadeloupe (Caribbean). Due to the rapid expansion of our company we are looking for highly motivated Software Developers to join our experienced IT team.
